I. Definitions

As used in this Agreement, the following terms shall have the meaning set forth below:

- A. **"Abatement"** means the full exemption from ad valorem taxes on property in a Phase Abatement Area (as defined below) within a Reinvestment Zone as provided herein and in no event can the duration of an Abatement Period exceed ten (10) years.
- B. **"Base Year"** means 2024, the Calendar Year in which the Effective Date of the Original Agreements occurred.
- C. **"Building Improvements"** means Improvements that are buildings and any internal and external systems related to the operation of the buildings to perform the function of housing equipment that performs data center operations, including but not limited to building heating and cooling systems, power delivery systems and interconnections, power generation equipment, and any other ancillary equipment or structures necessary for the operation, maintenance, or repair of the buildings and systems. For any Phase that has not yet achieved COD and is under construction, Company shall by October 1 of each year during the construction period and prior to COD, send a notification to the County setting forth the anticipated COD of the Phase. If COD is achieved by end of year, the Company will deliver the Certificate no later than January 31 of the Calendar Year following COD. Upon receipt of the Certificate, the County may inspect the property in accordance with this Agreement to determine that the Improvements are in place as certified in accordance with Section VI(A) of this Agreement.
- F. **"Certified Appraised Value"** means the appraised value, for property tax purposes, of the property within the applicable Phase Abatement Area within the Reinvestment Zone as certified by the Armstrong County Appraisal District (the "Appraisal District") for each taxable year after a final determination of any valuation protest or appeal by Owner pursuant to applicable law.

For clarity, the definitions of Building Improvements and Data Center Equipment Improvements are intended to be construed broadly to encompass all real property and personal property, respectively, within a Phase Abatement Area that are Eligible Property. Taxes on Real Property may be abated only to the extent the property's value for a given year exceeds its value for the Base Year. Improvements includes "behind the meter uses" for wind, solar, or gas generated power such as data centers or similar uses of renewable generated electrical power, as well as data center or other uses supplied with power directly or as a back-up from the ERCOT power grid or other sources. Any electrical transmission lines subject to abatement shall not include those electrical transmission and distribution lines that transmit power to facilities not included in Improvements. A "data center" is a facility that houses a large number of computer servers, storage systems, and network infrastructure designed to process, store, and manage vast amounts of data. It would typically include power supplies, cooling systems, backup generators, security systems, and physical infrastructure to ensure continuous operation and protection of the hardware and data. For purposes of this Agreement, the Agreement applies to up to eight Phases, with each Phase consisting of a data center and all other Building Improvements and Data Center Equipment Improvements in the Phase Abatement Area (defined below). The expected locations of the data centers and related Improvements are depicted on Exhibit E, provided that Owner has the right to change the as-built locations from what is depicted in Exhibit E.

- M. **"Other Owner"** means a new owner (whether beneficial owner or otherwise), lessee, sublessee, or tenant of all or any portion of the Improvements, or any Lender, secured party, or investor for operational or financing purposes holding an ownership interest in all or any portion of the Improvements, or a financing joint venture for all or part of the Improvements in which Owner holds an interest; provided, with respect to the application of Section IX, such Other Owner as assignee must expressly assume the obligations and liabilities of this Agreement applying to the interest acquired or held by the Other Owner.
- N. **"Owner"** means GN DC1, LLC, the entity that owns or leases the Site or any Phase Abatement Area or owns the property for which Abatement is being granted, and any permitted assignee or successor in interest of GN DC1, LLC. An "Affiliate" of an Owner means any entity that directly or indirectly through one or more intermediaries, controls or is controlled by or is under common control with such Owner. For purposes of this definition, "control" of an entity means (i) the ownership, directly or indirectly, of fifty percent (50%) or more of the voting rights in a company or other legal entity or (ii) the right to direct the management or operation of such entity whether by ownership (directly or indirectly) of securities, by contract or otherwise.
- O. **"Payments in Lieu of Taxes" or "PILOTs"** means the payments to be made by Owner to the County described in Section IV(D) of this Agreement.

The expiration of the designation of the Reinvestment Zone before the end of the Term of this Agreement shall not affect the terms and conditions of this Agreement.
- U. **"Site"** means the portion of the Reinvestment Zone on which Owner makes the Improvements for which Abatements will be granted hereunder.
- V. **"Lender"** means any entity or person providing, directly or indirectly, including an assignee of an initial Lender, with respect to the Improvements or Project any of (a) senior or subordinated construction interim or long-term debt financing or refinancing, whether that financing or refinancing takes the form of private debt, public debt or any other form of debt (including debt financing or refinancing), (b) a leasing transaction, including a sale leaseback, inverted lease, leveraged leasing structure, or synthetic leasing structure in which the synthetic lessor holds legal title to all or a portion of the Improvements and/or Project (c) tax equity financing, (d) any interest rate protection agreements to hedge any of the foregoing obligations, and/or (e) any energy hedge provider. There may be more than one Lender. Owner, at its election, may send written notice to the County with the name and notice information for any Lender.

III. Improvements in Reinvestment Zone

Owner agrees that as a condition to receiving the Abatement set forth in Section IV of this Agreement it must make the following Improvements:

- A. Owner is proposing to construct in phases certain Improvements on the Site consisting of data center facilities in the Reinvestment Zone. Owner agrees that the data center facilities on the Site in the Reinvestment Zone shall consist of one or more data centers, with four phases currently anticipated and up to eight phases in total. For purposes of this Agreement a phase shall include all Improvements within a physical area within the

Reinvestment Zone (each a "**Phase**"), which shall not overlap with any other Phases, and which shall be depicted by survey provided by the Owner to the County prior to or at the same time as delivery of a Certificate for such Phase. Owner shall on or before the first anniversary of the Effective Date of this Agreement provide a survey depiction and legal description for the boundaries of each of the areas where **Phase 1, Phase 2, Phase 3, and Phase 4** will be constructed (the "**Phase 1 Abatement Area,**" "**Phase 2 Abatement Area,**" "**Phase 3 Abatement Area,**" and "**Phase 4 Abatement Area,**" respectively), which shall be automatically attached and incorporated into this Agreement as Exhibits B-1, B-2, B-3, and B-4. If the Owner develops subsequent Phases, it shall create survey depictions and legal descriptions for each subsequent Phase (the "**Phase Abatement Areas**" and each a "**Phase Abatement Area**"). Each future Phase (up to a maximum of eight Phases) shall be numbered in its sequential order of development. The fifth Phase ("**Phase 5**") shall be in the "**Phase 5 Abatement Area,**" and so forth. Exhibit "B" shall automatically be updated with a legal description of each Phase when a Certificate is provided by Owner to County for such Phase, without the necessity of further approval or signature of the parties, with such updates being sequentially numbered; for example, the survey for the Phase 5 shall be labeled "Exhibit B-5."

Each Phase will consist of all Improvements within the applicable Phase Abatement Area. It is anticipated that each Phase will require an initial capital investment in Building Improvements and Data Center Equipment Improvements of approximately One Billion Dollars (\$1,000,000,000.00). The Certified Appraised Value of the Improvements associated with each Phase will depend upon annual appraisals by the Appraisal District. The size and specifications of each Building Improvement and the specific Data Center Equipment Improvements may vary from Phase to Phase at the discretion of the Owner; provided, however, that Owner shall provide the size of each building in the Certificate and shall reasonably comply with the Appraisal District's reasonable requests for additional information concerning the Buildings Improvements.

B. For the avoidance of doubt, Improvements associated with any Phase also shall include any other property on the Phase Abatement Area meeting the definition of "Eligible Property" that is used to support the data centers. The County and Owner agree that the buildings, contents of the buildings, stand-by generators, cooling equipment, and other related materials and equipment affixed to the land or located on the Site and used for the Project will constitute Improvements under this Agreement.

C. Owner agrees that Phase 1, if constructed, shall achieve Commercial Operations on or before December 31, 2027; provided, Owner shall have the unilateral right on written request to the County to receive up to five one-year extensions of the required date to achieve Commercial Operations. On Owner's written election delivered to the County at any time prior to December 31, 2027, the required date to achieve Commercial Operations shall be extended to December 31, 2028. If Owner requests a second one-year extension, at any time prior to December 31, 2028, then on Owner's written election delivered to the County accompanied by the payment of a one-time fee of One Hundred Thousand Dollars (\$100,000.00) to the County, the required date to achieve Commercial Operations shall be further extended to December 31, 2029. If Owner requests a third one-year extension at any time prior to December 31, 2029, then on Owner's written election delivered to the County

accompanied by the payment of a one-time fee of Two Hundred Thousand Dollars (\$200,000.00) to the County, the required date to achieve Commercial Operations shall be further extended to December 31, 2030. If Owner requests a fourth one-year extension at any time prior to December 31, 2030, then on Owner's written election delivered to the County accompanied by the payment of a one-time fee of Three Hundred Fifty Thousand Dollars (\$350,000.00) to the County, the required date to achieve Commercial Operations shall be further extended to December 31, 2031. Finally, if Owner requests a fifth one-year extension at any time prior to December 31, 2031, then on Owner's written election delivered to the County accompanied by the payment of a one-time fee of Five Hundred Thousand Dollars (\$500,000.00) to the County, the required date to achieve Commercial Operations shall be further extended to December 31, 2032. The payments specified in this Section III(C) are due and payable only if Owner in its sole discretion elects to make such payments as consideration to extend the required date for Commercial Operation.

IV. Term and Portion of Tax Abatement; Taxability of Property

- A. The County and Owner specifically agree and acknowledge that the Owner's property on the Site within the Reinvestment Zone shall be taxable in the following ways before, during, and after the Abatement Period (defined below) for each Phase:
1. Property not eligible for Abatement, if any, shall be fully taxable at all times;
 2. The Certified Appraised Value of property existing on the Site prior to execution of the Original Agreements shall be fully taxable at all times;
 3. Prior to commencement of the Abatement Period for each Phase designated in Paragraph IV (B), 100% of property taxes levied on the Certified Appraised Value of real and personal property of Owner located on the Phase Abatement Area (or on the Site and not yet within a Phase Abatement Area) will be owed and payable by Owner;
 4. All County property taxes on the Certified Appraised Value of Eligible Property shall be abated for the periods and in the amounts as provided for by Paragraph IV(B) below; and
 5. 100% of the Certified Appraised Value of Eligible Property existing in each Phase Abatement Area shall be fully taxable after expiration of the Abatement Period designated in Paragraph IV(B).
- B. The County and Owner specifically agree and acknowledge that, for each Phase, this Agreement shall provide for tax Abatement, under the conditions set forth herein, of all County property taxes, whether classified as M&O, I&S, road or other taxes imposed by the County ("**County Taxes**"), as follows:
1. Beginning with the Calendar Year after the Calendar Year in which the COD occurs and ending upon the conclusion of ten full Calendar Years

thereafter (the "**Abatement Period**"), the Abatement percentage of value of Eligible Property to be abated each year is 100%.

2. The percentage of County Taxes set forth in Section IV(B)(1) above on the Certified Appraised Value of all Improvements described specifically or generally in the Certificate (and actually in place on the Phase Abatement Area) is abated in the respective period designated in Section IV(B)(1) above.
3. The percentage of property taxes set forth in Section IV(B)(1) above on the Certified Appraised Value of any and all otherwise taxable real and personal property owned by an Owner and located on the Phase Abatement Area is abated in the respective period designated in Section IV(B)(1) above.
4. As of January 1, of the Base Year, the value of the proposed Improvements is zero and as of the Effective Date of the Original Agreements Owner owns no tangible personal property located at the Site.
5. The Abatement granted under this Agreement shall commence upon January 1 of the Calendar Year after the Calendar Year in which the COD occurs and shall expire at the end of the tenth (10th) Calendar Year thereafter (the "**Abatement Period**"). Owner shall provide the Certificate in writing both to the County and to the Appraisal District by no later than January 31 of the Calendar Year following the Calendar Year in which COD occurs. Thereafter, on each April 15 during the Abatement Period, Company shall deliver to the County and County Appraisal District a supplemental Certificate (each, a "**Supplemental Certificate**") identifying additional Building Improvements, if any, constructed or located on the Phase Abatement Area that were placed in service prior to January 1 of that Calendar Year and were not identified in a previous Certificate or Supplemental Certificate. . Such Building Improvements, once completed and if eligible, shall become part of the Improvements eligible for the Abatement under this Agreement. Notwithstanding anything to the contrary herein, the parties acknowledge and agree that the purpose of the Supplemental Certificate is to provide information to the County concerning additional Building Improvements that would, but for the Abatement, be taxable. The parties further acknowledge and agree that it is their mutual intent that any Improvements constructed or added to a Phase Abatement Area during the Abatement Period but after the delivery of the Certificate shall qualify for Abatement and be subject to the annual PILOT in accordance with the other provisions of this Agreement.
6. Owner's failure to issue a Certificate or Supplemental Certificate timely or Owner's omission of any required data from a Certificate shall not

disallow any otherwise applicable Abatement so long as Owner within thirty (30) days after Notice by County issues a required Certificate or Supplemental Certificate or corrected Certificate or Supplemental Certificate.

7. If Owner, at its sole election, desires that for a particular Phase the ten-year Abatement Period commence prior to January 1 of the Calendar Year immediately after the Calendar Year in which the COD occurs, then Owner at any time prior to January 1 of the first year of such ten-year Abatement Period may deliver a notice to the County and County Appraisal District stating such desire (such notice being referred to herein as a "**Notice of Abatement Commencement**"). If delivered by Owner, the Notice of Abatement Commencement shall contain the following statement: "Owner elects for the ten-year Abatement Period to begin on January 1, _ "; the year stated in the Notice of Abatement Commencement shall be the first year of the Abatement Period, and the Abatement period shall extend for ten (10) calendar years thereafter. Owner shall only be permitted to deliver a Notice of Abatement Commencement if it reasonably anticipates achieving COD during the next Calendar Year; provided, Owner's failure to achieve COD during the next Calendar Year shall not be a default under this Agreement. Owner shall still be required to deliver the Certificate on or before the date required in the preceding paragraph. A Notice of Abatement Commencement shall include a survey depiction and legal description defining the land constituting the Phase Abatement Area to which it relates.
8. Notwithstanding any statement or implication in this Agreement to the contrary, the parties agree that no Phase or Improvement shall receive an Abatement that extends beyond ten (10) Calendar Years, all in accordance with Section 312.007 of the Act.
9. Subject to the terms of this Agreement, the County agrees to grant a separate Abatement for up to eight (8) Phases so long as a Certificate for a Phase has been submitted to the County on or before December 31, 2035. The Abatement Period for each Phase shall be ten (10) Calendar Years, if all the terms and conditions of this Agreement are met and the Owner is not otherwise in default beyond any applicable notice and cure periods. The first year of the Abatement Period for any Phase shall begin on January 1st of the Calendar Year following the Calendar Year in which COD occurs or, if applicable, the year in which the Owner provides a Notice of Abatement Commencement and the Owner delivers to the County a surveyed depiction and legal description with respect to the land constituting the Phase Abatement Area.
10. Notwithstanding anything herein to the contrary, all terms, conditions and obligations of this Agreement shall apply to each Phase

independently. By way of example and for the avoidance of doubt, in the event of a default with respect to Phase 3, such default would have no impact on the Abatement or Owner's obligations with respect to Phase 1. Nothing herein shall be construed to require the Owner, if it constructs Phase 1, to construct any subsequent Phase.

- C. A portion or all the Improvements may be eligible for complete or partial exemption from ad valorem taxes as a result of existing law or future legislation. This Agreement is not to be construed as evidence that no such exemptions shall apply to the Improvements.
- D. As additional consideration for this Abatement, Owner agrees that, for each Phase, during Year 1 and thereafter through a total of ten (10) Calendar Years the Abatement is in effect, to make an annual Payment in Lieu of Taxes to the County in an amount equal to one million three hundred sixty thousand three hundred seventy five dollars (\$1,360,375.00) per annum (the "Annual PILOT Amount"). For each such year, Owner shall pay to the County the Annual PILOT Amount no later than January 31 of the following Calendar Year and Owner shall remit each PILOT by check payable to Armstrong County, sent to the notice address provided by this Agreement, or by such other method as the parties may from time to time agree.
- E. Owner agrees that the data center buildings, once constructed, will remain in place until at least fifteen (15) Calendar Years after COD (for each Phase, the "Term"); provided that nothing herein prevents Owner from replacing equipment or fixtures comprising or part of Building Improvements for the applicable Phase prior to that date. If in the future Owner makes new expenditures to replace equipment or fixtures comprising all or part of the Building Improvements for a Phase or makes a new capital investment to improve or expand the Building Improvements, to the extent applicable law authorizes a separate Abatement for resulting new real and personal property and the County grants a separate Abatement, nothing in this Agreement shall be construed to prohibit such separate Abatement and the provisions of this Section shall not apply with respect to any portion of the Building Improvements that do not remain in place as the result of such new capital investment. In the event that Owner permanently removes (and does not replace) a data center building within the Term of the applicable Phase, Owner's removal shall not be deemed a default under this Agreement if Owner pays to the County as liquidated damages for such removal from the Abatement in this Agreement, within thirty (30) days after written demand, or within thirty days after the final resolution of Owner's exercise of any rights to dispute such demand, none of which are hereby waived, all taxes for such removed Building Improvements for the applicable Phase (which otherwise would have been paid to the County without benefit of a tax Abatement), less any PILOTs paid by Owner to the County with respect to such Building Improvements, for the five (5) tax years preceding the Calendar Year in which such data center building is removed, with interest accrued at the Prime Rate as of January 1 of each year but without penalty. IN THE EVENT OF A

BREACH OF THIS SECTION IV(E) BY REMOVAL OF A DATA CENTER BUILDING WITHOUT PAYMENT OF THE LIQUIDATED DAMAGES SPECIFIED HEREIN WITHIN THIRY (30) DAYS AFTER WRITTEN DEMAND, THE SOLE REMEDY OF THE COUNTY, AND OWNER'S SOLE LIABILITY, WILL BE FOR OWNER TO PAY TO THE COUNTY THE FULL AMOUNT OF ACTUAL TAXES ABATED AT ANY TIME UNDER THIS AGREEMENT ON THE REMOVED BUILDING IMPROVEMENTS ASSOCIATED WITH THAT PHASE WITH INTEREST, BUT LESS ANY TAX PAYMENTS OR PAYMENT IN LIEU OF TAXES REMITTED TO THE COUNTY WITH RESPECT TO THE PHASE OF THE REMOVED DATA CENTER BUILDING. IN THE EVENT OF A BREACH OF THIS SECTION IV(E), ANY TAXES DUE BY OWNER SHALL BE SUBJECT TO ANY AND ALL STATUTORY RIGHTS FOR THE PAYMENT AND COLLECTION OF TAXES IN ACCORDANCE WITH THE TEXAS TAX CODE.

V. Representations

The County and Owner make the following respective representations:

- A. Owner represents and agrees that (i) Owner and its successors and/or assigns with respect to this Agreement will have a taxable interest with respect to Improvements to be placed on the Site; (ii) construction of the proposed Improvements described in Section III will be performed by the Owner, its successors and/or assigns and/or their contractors or subcontractors, (iii) Owner's and its successors' and assigns' use of the property in the Reinvestment Zone will be limited to use described in this Agreement during the Term; (iv) all representations made in the Original Agreements, this Agreement, and in the Application for Abatement, if any, are true and correct in all material respects to the best of Owner's knowledge at the time so made, (v) Owner will make required filings, if any, by Owner with the Office of the Comptroller of Public Accounts and other governmental entities concerning this Agreement that may be required in the future, (vi) the Project will not be constructed without first obtaining all necessary local, state and federal environmental and construction permits, and Owner will abide by all conditions of the permits and all laws, ordinances, rules and regulations governing the construction and operation of the Project throughout its economic life; and (vii) the planned use of the property within the Project will not constitute a hazard to public health or safety throughout the economic life of the Project, except that uses that are customary and industry standard for a data center shall in no event be deemed to constitute such a hazard.
- B. The County represents that (i) the County has formally elected to be eligible to grant property tax abatements under Chapter 312 of the Tax Code; (ii) the Reinvestment Zone and this Agreement have been created in accordance with Chapter 312 of the Texas Tax Code and the Guidelines as both exist on the Effective Date of this Agreement; (iii) as applicable, (a) no interest in the Improvements or the land on which they are located is held or subleased by a member of the County Commissioners Court or (b) any member of the County Commissioners Court that has a potential economic or financial interest in the

Improvements or the land on which the Improvements are located has abstained from any vote or decision regarding this Agreement; (iv) the property within the Reinvestment Zone is located within the legal boundaries of the County and (v) the County has made and will continue to make all required filings with the Office of the Comptroller of Public Accounts and other governmental entities concerning the Reinvestment Zone and this Agreement.

- C. Owner represents and agrees, for every year commencing in the third Calendar Year of the Abatement Period for Phase 1 and until the last Calendar Year of the Abatement Period for the final Phase, it shall create or to cause its tenants to create a minimum number of full-time jobs (the “**Jobs Commitment**”), which shall be calculated by multiplying nineteen (19) full-time jobs by the number of Phases that are subject to Abatement that Calendar Year; provided, however, that no Phase shall be included for purposes of this calculation until the third Calendar Year of the Abatement Period for that Phase. By way of example, if Phases 1 and 2 achieve COD in 2027 and the applicable Abatement Periods commence in 2028, and Phases 3 and 4 achieve COD in 2031 with the applicable Abatement Periods commencing in 2032, the Jobs Commitment for Calendar Year 2033 would be thirty-eight (38) jobs (two times nineteen). In Calendar Year 2034, the Jobs Commitment would be seventy-six (76) (four times nineteen). Company reporting relating to such jobs would first be due in the Annual Compliance Report (defined below) submitted in 2035. For purposes of this Agreement, full-time jobs shall mean full-time employees of Owner, its tenants, its or their contractors, or its or their respective Affiliates who perform duties primarily related to the operation of the Project in the County, and without regard to whether such employees are newly hired or existing employees who have been transferred from other duties to operate the Project. Permanent, full-time jobs shall mean any position in which an employee works or is scheduled to work 1820 hours or more during the year. For clarity, for purposes of compliance with the Jobs Commitment, employment shall be measured on a campus-wide basis, but any remedies for deficiencies shall be applied on a per-Phase basis with any deficiencies allocated in reverse chronological order, first to the Phase that last achieved COD. For clarity, in accordance with Section IV(B)(10), any event of default resulting from an uncured employment deficiency beyond applicable cure periods shall have no effect on other Phases to which the deficiency does not apply, such that if the Jobs Commitment is not met as measured by all applicable Phases then any remedies for default apply only to that Phase or those Phases that have less than nineteen (19) jobs, as allocated according to the previous sentence. The Owner shall also make a commercially reasonable effort to ensure the Project leads to a positive net economic benefit to the County, over the life of this Agreement, computed to include (but not limited to) new sustaining payroll and/or capital improvement; and not solely or primarily have the effect of transferring employment from one part of the County to another.

VI. Access to and Inspection of Property by County Employees

- A. Owner shall allow the employees, agents, and contractors of the County and the County Appraisal District access to the Improvements for the purpose of inspecting any Improvements erected to ensure that the same are conforming to the minimum specifications of this Agreement and to ensure that all terms and conditions of this Agreement are being met. All such inspections shall be made on a date and time mutually agreed by the parties and only after giving Owner five (5) business days' notice and shall be conducted in such a manner as to avoid any unreasonable interference with the construction and/or operation of the Improvements. All such inspections shall be made with one (1) or more representatives of Owner in accordance with all applicable safety standards.
- B. Owner, on or before March 31 of each Calendar Year, starting with the first Calendar Year beginning after Owner delivers the first Certificate, shall annually, by a sworn written statement, provided to the County Judge of the County, certify its compliance with this Agreement, in substantially the form attached hereto as Exhibit C (the "**Annual Compliance Certificate**"). In the event of an assignment, each Owner shall be permitted to submit its own Annual Compliance Certificate. Multiple Owners, including Affiliates, may submit consolidated reporting at their discretion.

VII. Default, Remedies and Limitations of Liability

- A. The County may declare a default if Owner breaches any material term or condition of this Agreement. If the County declares a default of this Agreement, this Agreement shall terminate, after notice and opportunity to cure as provided for below, or the County may modify this Agreement upon mutual agreement with Owner. If the Owner believes that such termination was improper, Owner may file suit in the proper court challenging such termination. In the event of default, the County may pursue the remedies provided for in Section VII(C) below or the preceding Section IV(E), as applicable. The County shall not declare a default, and no default will be deemed to have occurred, when the circumstances giving rise to such declaration are the result of Force Majeure. Notwithstanding any other provisions of this Agreement to the contrary, in the event a party is rendered unable, wholly or in part by Force Majeure to carry out its obligations under this Agreement (other than any obligation to make payment of any amount when due and payable hereunder), the obligation of such party, so far as it is affected by such Force Majeure, shall be suspended during the continuance of any condition or event of Force Majeure, but for no longer period, and such condition or event shall so far as possible be remedied with all reasonable dispatch. The party prevented from performing shall give prompt (but in no event later than twenty (20) business days after it becomes aware of the occurrence of such event) notice and reasonably full particulars of such event to the other party and shall take all reasonable actions within its power to remove the basis for nonperformance (including securing alternative supply sources that in the exercise of reasonable discretion are suitable replacements in quality and price) and after doing so shall resume performance as soon as reasonably possible. The settlement of strikes or lockouts or resolution of differences with workers shall be entirely within the discretion of the affected party, and the above requirements that any Force Majeure shall be remedied with all reasonable dispatch shall not require the settlement of strikes, lockouts or differences by acceding to the

demands of the opposing party in such strike, lockout or difference when such course is inadvisable in the reasonably exercised discretion of the affected party. However, to the extent such disruptions or losses are covered or reimbursed by insurance proceeds, to include reinsurance or other similar loss recovery, delay in performance of obligations under this Agreement is not excused after the receipt of such amounts to the extent such recoveries may be spent, consistent with reasonable commercial practices, to remedy of the event of Force Majeure. At such time that a party is then able to perform its obligations under this Agreement after a Force Majeure, the party shall again perform its current and past obligations expeditiously. For the purpose of performance after a Force Majeure time is of the essence.

- B. The County shall notify Owner and any Lender of record in the Armstrong County Property Records of any default in writing in the manner prescribed herein. All contact information for purposes of a notice of default shall be provided to the County Judge. The Notice shall specify the basis for the declaration of default, and Owner shall have sixty (60) days from the date of such notice to cure any default, except that where the default is incapable of being cured within sixty (60) days using reasonable business efforts, Owner shall commence performance of the cure within thirty (30) days after receipt of notice and diligently pursue those efforts until the default is cured. Any Lender of which the County has notice in the Armstrong County Property Records, shall maintain the right to cure any defect, including any defect caused by an assignee or contractor of Owner during the same cure period identified in the foregoing sentence.
- C. As required by section 312.205 of the Act, if Owner fails to make the Improvements as provided for by this Agreement, subject to the above provisions regarding Force Majeure and notice and right to cure, the County shall be entitled to cancel the Agreement and recapture property tax revenue lost as a result of this Agreement, less any PILOTs paid by Owner to the County, with interest accrued at the Prime Rate as of January 1 of each year and no penalty. In the event of any other default by Owner, subject to the above provisions regarding Force Majeure and notice and right to cure, the County shall be entitled to cancel this Agreement and recapture property tax revenue lost as a result of this Agreement, less any PILOTs paid by Owner to the County, for the five (5) tax years preceding the Calendar Year in which this Agreement is cancelled, with interest accrued at the Prime Rate as of January 1 of each year and no penalty.
- D. **LIMITATION OF LIABILITY: CANCELLATION OF THE AGREEMENT (RESULTING IN A FORFEITURE OF ANY RIGHT TO ABATEMENT HEREUNDER BEYOND THE CANCELLATION DATE), RECAPTURE OF PROPERTY TAXES ABATED ONLY AS PROVIDED FOR AND ONLY UNDER THE CIRCUMSTANCES DEFINED IN SECTION VII(C) OF THIS AGREEMENT, AND/OR RECOVERY OF THE AMOUNTS PROVIDED FOR IN SECTION IV(E) ONLY AS PROVIDED FOR AND ONLY UNDER THE CIRCUMSTANCES DEFINED IN SECTIONS IV(E) ALONG WITH ANY REASONABLY INCURRED COSTS AND FEES, SHALL BE THE COUNTY'S SOLE REMEDY, AND OWNER'S SOLE LIABILITY, IN THE EVENT OWNER FAILS TO MAKE THE SPECIFIED IMPROVEMENTS OR TAKE OTHER ACTION REQUIRED BY THIS AGREEMENT, INCLUDING ANY FAILURE TO PAY AMOUNTS OWED**

UNDER THIS AGREEMENT. OWNER AND COUNTY AGREE THAT THE LIMITATIONS CONTAINED IN THIS PARAGRAPH ARE REASONABLE AND REFLECT THE BARGAINED FOR RISK ALLOCATION AGREED TO BY THE PARTIES. IN THE EVENT OF A BREACH OF THIS AGREEMENT, ANY AMOUNTS DUE BY OWNER SHALL BE SUBJECT TO ANY AND ALL STATUTORY RIGHTS FOR THE PAYMENT AND COLLECTION OF TAXES IN ACCORDANCE WITH THE TEXAS TAX CODE.

- E. Any notice of default under this Agreement shall prominently state the following at the top of the notice:

NOTICE OF DEFAULT UNDER TAX ABATEMENT AGREEMENT

YOU ARE HEREBY NOTIFIED OF THE FOLLOWING DEFAULT UNDER YOUR TAX ABATEMENT AGREEMENT WITH THE COUNTY. FAILURE TO CURE THIS DEFAULT WITHIN SIXTY DAYS OF NOTICE OR OTHERWISE CURE THE DEFAULT AS PROVIDED BY THE AGREEMENT SHALL RESULT IN TERMINATION OF THE TAX ABATEMENT AGREEMENT AND MAY INCLUDE RECAPTURE OF TAXES ABATED PURSUANT TO THAT AGREEMENT.

VIII. Compliance with State and Local Regulations

Nothing in this Agreement shall be construed to alter or affect the obligations of Owner to comply with any order, rule, statute or regulation of the County or the State of Texas.

IX. Assignment of Agreement

- A. The parties recognize and agree (i) that Owner may construct, own, equip, and operate all Building Improvements and Data Center Equipment Improvements, or (ii) that in the alternative Owner and one or more Affiliates may construct, own, equip, and operate the Building Improvements while one or more third parties or Affiliates are lessees of the Building Improvements and equip, own and operate Data Center Equipment Improvements located within the Building Improvements, or (iii) that in the further alternative Owner may adopt any other structure that segregates the ownership and operation of the Building Improvements and/or the Data Center Improvements among multiple owners. The parties' intent is that Owner shall have flexibility and a unilateral right to select and implement an ownership and operation structure of its choosing for the Improvements, and that subject to reasonable procedures Owner shall have the right to assign and delegate, in whole or in part, this Agreement in relevant part to any Affiliates or third parties who will own Building Improvements or Data Center Equipment Improvements.
- B. The rights and obligations of Owner may be assigned in their entirety to an Affiliate or Other Owner without County's prior consent. Owner shall provide notice to the County of any assignment to an Affiliate or Other Owner. Owner's assignment of the Agreement to an Affiliate or Other Owner shall be final only after the execution of a formal assignment document between Owner and the assignee and the delivery of notice of the execution of such assignment agreement to the County and, to the extent

authorized by applicable law, the recording of such in the real property records of County.

- C. The rights and responsibilities of Owner hereunder may be assigned in part to an Affiliate or Other Owner without County's prior consent provided that the Affiliate or Other Owner is added as a party to this Agreement and the Owner and Affiliate or Other Owner, to the extent authorized by applicable law, shall record such assignment in the real property records of the County. Owner's partial assignment of the Agreement to an Affiliate or Other Owner shall be final only after the execution of a formal assignment document between Owner and the assignee and the delivery of notice of the execution of such assignment agreement to the County and, to the extent authorized by applicable law, the recording of such in the real property records of County.
- D. The rights and responsibilities of Owner hereunder may be assigned in part or in their entirety to a party other than an Affiliate or Other Owner, but only after obtaining the County's prior written consent, which consent shall not be unreasonably withheld, conditioned, or delayed. Any assignment by Owner to a party other than an Affiliate or Other Owner without first obtaining the written consent of the County shall be a default under this Agreement subject to the notice provisions, cure provisions, remedies and other terms and conditions of Article VII above. Owner shall give the County no less than forty-five (45) days' written notice of any intended assignment to a party other than an Affiliate or Other Owner, and the County shall respond with its consent or refusal within thirty-five (35) days after receipt of Owner's notice of assignment. If the County responds to Owner's notice of assignment with a refusal, the parties agree to work together expeditiously and in good faith to resolve the County's objections to the assignment. Owner's assignment of the Agreement shall be final only after the execution of a formal assignment document between Owner and the assignee, the delivery of notice of the execution of such assignment agreement to the County, and, to the extent authorized by applicable law, recording in the real property records of the County. Neither Owner's notice of an intended assignment nor the County's formal consent to an intended assignment shall constitute an assignment of the Agreement, and Owner's request for a consent to assignment shall not obligate Owner to assign the Agreement.
- E. No assignment under Paragraph IX(B), IX(C) or IX(D) shall be allowed if (a) the County has declared a default hereunder that has not been cured within all applicable notice and cure periods, or (b) the assignee is delinquent in the payment of ad valorem taxes owed to the County or any other taxing jurisdiction in the County. Consent to a transfer or assignment requested under Paragraph IX(D) will be subject to the County approving the financial capacity of the transferee/assignee and subject to all conditions and obligations in this Agreement being assumed and guaranteed by the transferee/assignee. The County shall not unreasonably withhold consent to a transfer or an assignment under Paragraph IX(D). The transfer or assignment shall be presumed to be reasonable where the proposed transferee/assignee demonstrates to the County its financial capacity to meet the terms of this Agreement, agrees to be bound by all conditions and obligations stated herein, and is not in default under any other agreement with the County.

- F. Upon any assignment and assumption under Paragraph IX(B), IX(CB) or IX(D), Owner may, without obtaining the County's consent, mortgage, pledge or otherwise encumber its interest in this Agreement or the Project to a Lender for the purpose of financing the operations of the Project, constructing the Project or acquiring additional equipment following any initial phase of construction, or for other business purposes. Owner's encumbering its interest in this Agreement may include an assignment of Owner's rights and obligations under this Agreement for purposes of granting a security interest in this Agreement. If the financing arrangement is such that the Lender acquires or holds an ownership interest in all or any portion of the Project, Owner may assign this Agreement in whole or in part to the Lender and the Other Owner in a single assignment in substantially the form attached hereto as Exhibit F, pursuant to which the Other Owner assumes the obligations and liabilities of this Agreement applying to the interest acquired or held by the Lender for the benefit of the Other Owner with the Lender having no responsibility whatsoever for any and all such obligations arising under, or otherwise relating to, this Agreement, whether such obligations are for payment, performance, repayment or indemnification. In the event Owner takes any of the actions permitted by this subparagraph, it shall provide written notice of such action to the County with such notice to include the name and notice information of the Lender and, if and to the extent authorized by applicable law, Owner shall record such information in the real property records of the County. County shall be required to provide a copy to such Lender of record in the real property records of the County of all Notices delivered to Owner. If Owner does not provide to the County the name and contact information of a Lender to the County in writing and record the information in the real property records of the County, it shall not be a default under this Agreement, but such Lender shall not have the notice rights of a Lender under this Agreement.
- G. Upon the receipt by the County of an assignment under Paragraphs IX(B), IX(C) or IX(D), the successor shall have all or a portion of the rights and entitlements, including without limitation, rights to tax exemptions, and obligations as the Owner under this Agreement, in the same manner and with like effect as if the successor had been the original Owner and a signatory to this Agreement, all as specified in the assignment.
1. In the event of any partial assignment of this Agreement to any one or more assignees: Notwithstanding anything else in this Agreement, Owner and County intend and acknowledge that the rights and responsibilities of this Agreement shall thereafter apply independently and separately to Owner and to each assignee, that the parties will cooperate as necessary to determine each party's resulting pro rata portion of the responsibilities specified by this Agreement, and that any default by Owner or by any assignee in the performance of this Agreement as retained by Owner or as assigned by Owner in part to another party shall not be treated as a default by any other party.
 2. By way of example and not limitation:
 - a. For each year of the Abatement Period for a Phase, each party to the Agreement as of January 1 of that year with an interest in that Phase shall be responsible for payment to the County only of that portion of the PILOT

equal to the total PILOT amount multiplied by the ratio of the Certified Appraised Value as of January 1 of Improvements in the Phase owned by that party to the Certified Appraised Value of all Improvements within the Phase owned by all parties to the Agreement with interests in that Phase.

- b. Recapture obligations, if any, arising under this Agreement shall apply only to a particular party to the Agreement that has an uncured default and shall be computed with regard to taxes abated with regard to the Improvements owned by that party and PILOT amounts attributable to Improvements owned by that party.
- c. Termination of this Agreement due to an uncured default shall apply only to a specific defaulting party and not to any nondefaulting parties and shall not affect any of the nondefaulting parties' rights hereunder.
- d. Owner and each assignee shall take all steps necessary to create and maintain with the Appraisal District separate real and personal property tax accounts to record in such party's name as owner any Building Improvements and Data Center Equipment Improvements owned by such party. As necessary for the administration of this Agreement, any party shall identify to the County and to the Appraisal District whether a particular tax account contains Building Improvements or Data Center Equipment Improvements.

X. Notice

All notices, demands and other communications of any type (collectively, "Notices" and each individually, a "Notice") given shall be given in accordance with this Section. All Notices shall be in writing and delivered, by commercial delivery service to the office of the person to whom the Notice is directed (provided that that delivery is confirmed by the courier delivery service); by United States Postal Service (USPS), postage prepaid, as a registered or certified item, return receipt requested in a proper wrapper and with proper postage; by recognized overnight delivery service as evidenced by a bill of lading, or by email transmission. Notice delivered by commercial delivery service shall be deemed delivered on receipt or refusal; Notices delivered by USPS shall be deemed to have been given upon deposit with the same; email Notice shall be effective upon receipt by the sender of an electronic confirmation. Regardless of the method of delivery, in no case shall Notice be deemed delivered later than actual receipt. In the event of a notice of default given pursuant to Article VII, such Notice shall be given by at least two (2) methods of delivery and consistent with Section VII(E). XI. Severability

In the event any section or other part of this Agreement is held invalid, illegal, factually insufficient or unconstitutional or otherwise unenforceable, the balance of this Agreement shall stand, shall be enforceable and shall be read as if the parties intended at all times to delete said invalid, illegal, factually insufficient or unconstitutional or otherwise unenforceable section(s) or other part(s). In the event that (i) the term of the Abatement with respect to any property is longer than allowed by law, or (ii) the Abatement applies to a broader classification of property than is allowed by law, then the Abatement shall be valid with respect to the classification of property not deemed overly broad, and for the portion of the term of the Abatement not deemed excessive. Any provision required by the Tax Code to be contained herein that does not appear herein is incorporated herein by reference.

XII. Applicable Law

This Agreement shall be construed under the laws of the State of Texas. This Agreement, in its entirety, shall be performable in Armstrong County, Texas. As part of the consideration for entering into this Agreement, both the County and Owner agree that any litigation to construe or enforce the terms or conditions of this Agreement shall be brought solely in the state district courts having jurisdiction in Armstrong County, Texas.

XIII. Amendment

This Agreement may be modified by the parties hereto only upon mutual written consent signed by each of the parties to include other provisions which could have originally been included in this Agreement or to delete provisions that were not originally necessary to this Agreement pursuant to the procedures set forth in Chapter 312 of the Texas Tax Code.

XIV. Guidelines and Criteria

This Agreement is entered into by the parties consistent with the County Guidelines and Criteria ("Guidelines"). To the extent this Agreement modifies any requirement or procedures set forth in the Guidelines, those Guidelines are deemed amended for purposes of this Agreement only, and in the event of any conflict between this Agreement and the Guidelines, the terms of this Agreement shall control.

XV. Entire Agreement

This Agreement contains the entire and integrated Tax Abatement Agreement between the County and Owner, and supersedes any and all other negotiations and agreements, whether written or oral, between the parties. This Agreement has not been executed in reliance upon any representation or promise except those contained herein.

XVI. Coordination of Local Hiring and Services

- A. Owner shall use reasonable commercial efforts to maximize its use of county labor and services and supplies purchased from county businesses in the course of performing under this Agreement, as is further described in the Local Spending and Support Plan attached to this Agreement as Exhibit D.
- B. For every year during the Term, Owner, covenants that its contractors and their respective Affiliates will collectively employ, or cause their tenants to collectively employ, the number of employees required per the Jobs Commitment whose primary employment location is in the County.
- C. Upon request by Owner, County shall provide a written statement certifying that Owner is then in compliance (or has fully complied) with the Local Spending and Support Plan; if County cannot make such statement, County will provide an explanation to Owner of its determination.

XVII. Road Maintenance

During construction of the Improvements, Owner agrees to use commercially reasonable efforts to minimize the disruption to County roads (for the purpose of this paragraph, the term "roads" includes, without limitation, all adjacent ditches and rights-of-way), culverts and bridges and agrees to repair any damage beyond ordinary wear and tear caused to County roads, culverts or bridges by Owner or its agents. After construction, Owner through its own efforts, will leave such County roads, culverts and bridges in a state of equal or better condition than they were prior to construction, excepting normal wear and tear. Any upgrade or requirement to upgrade any road, culvert or bridge used or necessary for Owner's operations will be borne solely by Owner. After construction, the County will only be responsible for the

normal routine maintenance of the County roads, culverts and bridges, and Owner will be responsible for any extraordinary repair or maintenance of County roads, culverts and/or bridges that becomes necessary or appropriate due to the use of such roads, culverts and bridges by Owner or its agents. All repairs, maintenance, replacements and upgrades will be made in accordance with generally applicable County standards and specifications, and Owner will only use such materials in repairing, maintaining, replacing and upgrading County roads, culverts and bridges as are acceptable to the County, in the County's sole discretion, but not to reasonably exceed the quality and type of materials customarily used in the Texas panhandle area for similar applications. This Section XVII shall become void and shall have no further effect upon the execution of a separate Agreement for Road Use, Repair and Improvement by and between Owner and County relating to the Project.

XVIII. Site Maintenance

Owner shall maintain the Site free from accumulation of objectionable, unsightly or unsanitary matter, debris, waste material, rubbish, tumbleweeds and noxious weeds. Design of Improvements shall be such that noise, light, and dust from the Project during Commercial Operations is minimal off the Project Site. Noise at the Project Site boundaries shall not exceed 80 dba during normal Commercial Operations.

XIX. Indemnity

Owner agrees to indemnify, defend and hold the County, each of its elected officials, all of its servants, agents and employees, any person or legal entity designated by the County to perform any function required under the Guidelines, under the tax abatement application or by the terms of this Agreement, and the Appraisal District, its officers, directors, servants, agents and employees (collectively, the "**Indemnitees**") harmless from any and all claims, demands, liabilities, losses, costs, actions, causes of action, and attorneys' fees incurred by or alleged by a person other than Owner or its Affiliates against the Indemnitees ("**Liability**") arising from or in any way relating to the tax abatement application, the terms, covenants, and conditions contained in this Agreement, and the action contemplated by this Agreement. The indemnity provided for in this paragraph shall not apply to any Liability resulting from the gross negligence or willful action of the Indemnitees. This provision does not waive any governmental immunity available to the Indemnitees under Texas law and does not waive any defense of a party under Texas law. The provisions of this paragraph are solely for the benefit of the Indemnitees and are not intended to create or grant any rights, contractual or otherwise, to any other person or entity.

XX. Estoppel Certificates

Each party on written request from the other party shall provide an estoppel certificate that shall certify, as of the date of the certificate: (i) that this Agreement is in full force and effect without default if such is the case, (ii) the remaining term of this Agreement, and (iii) such other matters as may be agreed upon by the parties, a party's consent to inclusion of other matter not be unreasonably withheld. A party shall provide the estoppel certificate or an explanation of why the party is not willing to provide the certificate within thirty (30) days of receiving a request.

XXI. Employment of Undocumented Workers

During the term of this Agreement, Owner agrees not to knowingly employ any undocumented workers as defined in Section 2264.001 of the Texas Government Code. If Owner is convicted after exhaustion of all rights of appeal of a violation under 8 U.S.C. §1324a(f), Owner shall repay the amount of the abatements and any other funds received by Owner from the County less any tax payment or payments in lieu of taxes remitted to the County with respect to the Improvements as of the date of such violation, not later than one hundred and twenty (120) days after the date Owner is notified by the County of a violation of this section, plus interest at the Prime Rate. The payment of interest shall be as if it had been accruing from the dates the abatements were granted to Owner until the date the amount due is repaid to the County.

XXII. No Boycott

In accordance with Section 2270.002 of the Texas Government Code, Owner verifies that it does not boycott Israel and will not boycott Israel during the term of this Agreement.

XXIII. Not a Listed Company

In accordance with Section 2252.152 of the Texas Government Code, the parties covenant and agree that Owner is not on a list maintained by the State Comptroller's office prepared and maintained pursuant to Section 806.051, 807.051 or 2252.153 of the Texas Government Code.

XXIV. No Firearms Boycott.

To the extent Texas Government Code Chapter 2274 applies to this Agreement, Owner represents that: (i) Owner does not have a practice, policy, guidance, or directive that discriminates against a firearm entity or firearm trade association; and (ii) Owner will not discriminate during the Term against a firearm entity or firearm trade association.

XX.VI. No Energy Company Boycott.

To the extent Texas Government Code Chapter 2276 applies to this Agreement, Owner represents that: (i) Owner does not boycott energy companies; and (ii) Owner will not boycott energy companies during the Term.

XX.VII.Safety Training

Not more than once every year during the Term, Owner, its contractors or their respective Affiliates shall provide safety training related to the Project for County's employees and volunteers, including, but not limited to, emergency management services, emergency medical services, law enforcement, dispatch, and volunteer fire department personnel (collectively "emergency services personnel"), at Owner's sole cost and expense. Each year prior to such training Owner and the County shall discuss the necessity of such training for that year and may agree to waive such training, for example if the relevant emergency services personnel all received training the prior year. At the beginning of construction, Owner shall provide County and County emergency services personnel a map of the Project locations indicating how particular areas are referred to by Owner or its contractors so that location information may be quickly and accurately conveyed to emergency services personnel to

facilitate response in the event of an emergency.

XX.VIII. Cooperation

The Parties acknowledge that this Abatement is entered into to enhance the development of projects generating renewable energy and associated energy consuming projects in the County, benefiting the County, its citizens, and landowners. In addition, the Parties acknowledge that the Reinvestment Zone is in proximity to a major ERCOT point of interconnection such that the potential exists for future transmission line development to occur in the Reinvestment Zone to enhance the development of renewable generated electricity or behind the meter uses in the County or surrounding counties. Owner, and its successors and assigns, agrees to reasonably cooperate with the sponsor/owner ("Competing Line Owner") of such other planned transmission lines, which cooperation may include Crusoe Energy Systems, LLC, its successors and assigns, using commercially reasonable efforts: i) to attempt to agree with the Competing Line Owner on mutually acceptable arrangements to facilitate the routing, construction and interconnection of transmission lines, including if necessary to exchange portions of respective lease, easement or owned properties to avoid a future line crossing; or (ii) to allow a third party transmission line to cross Crusoe Energy Systems, LLC, its successors and assigns, leased or owned property (and transmission line, whether planned or constructed) if the Competing Line Owner executes a crossing agreement with Owner containing terms and conditions reasonably acceptable to both Owner and the Competing Line Owner which stipulates, among other things, that: the Competing Line Owner's line will cross Owner's property or transmission line in a manner and location acceptable to Owner based upon plans and specifications, construction requirements, and scheduling approved by Owner, which such approval and cooperation shall not unreasonably be withheld. Notwithstanding the above: (i) Owner shall in no event be required to permit a competing line to be located under or over the Improvements, ii) Owner shall not be required to exchange any lease or easement rights if it reasonably determines that such exchange would materially interfere with its planned or current development or operations of the Project, iii) Owner Entity is not required to curtail the production of electricity, if any, from the Project unless specifically and expressly required by applicable rules and regulations of the Electrical Reliability Council of Texas, and iv) Owner is not required to accommodate the Competing Line Owners if the Competing Line Owners have a commercially reasonable alternative that does not involve crossing the Site, and (v) a Competing Line Owner's access may be conditioned on meeting Owner's on-site safety requirements and timely coordinating with Owner to avoid interfering with Project operations or reliability. The County agrees that any future abatement agreements between the County and Competing Line Owners will contain provisions substantially similar to this Section.
