10/21/24

The Honorable Adam Ensey  
Judge of Armstrong County  
P.O. Box 189  
Claude, TX 79019

Hon. Judge Ensey:

The Local Government Assistance Program was established in 1997 under Transportation Code §201.706 and requires the Department to assist counties with surplus materials to repair and maintain county roads. Giving preference to counties with an above average number of overweight trucks receiving weight tolerance permits based on the previous year's permit totals.

The rules for this program (43 Texas Administrative Code §29.3) provide the procedures used to determine the allocation to each county. Maximum use of surplus materials on hand is expected to meet the allocations. New inventoried materials will be made available when surplus materials on hand are not available in sufficient quantities or the haul distance is cost prohibitive.

Due to budget restraints, only surplus material will be distributed. For A list of the district's surplus material on hand, please contact your Area Engineer, Joe Chappell, P.E., at (806) 378-0071. Your county allotment for fiscal year 2025 is **\$14,331**.

In accordance with 43 TAC §29.3 rules, please submit to us within 45 days your request for surplus materials to be distributed in fiscal year 2025. Surplus material not requested by your county will be made available to other counties. We look forward to receiving your request.

If you have any questions, please contact Joe Chappell, P.E., Area Engineer at (806) 378-0071.

Sincerely,

DocuSigned by:
