Dear Tamara,

The League of Women Voters of Texas has completed the county election website review corresponding to the 2024 General Election. We congratulate the 61 counties that were ranked "Outstanding" and the 65 counties that received "Very Good" ratings. The results of the review demonstrate continued dedication and professionalism of county election officials throughout Texas.

The League's volunteers were trained for this review and were diligent in their efforts. We carried out the review within 30 days of Election Day to make sure that counties had time to update their websites leading up to the voting period. However, we invite you to notify us at [lwvtexas@lwvtexas.org](mailto:lwvtexas@lwvtexas.org) if there were further updates to your county election website so that we can update your score.

Here is a copy of the [report](#) along with the [scoring spreadsheet](#).

We congratulate all election offices in Texas for the excellent work you do to provide needed information to voters and to carry out the gargantuan task of running elections. We are grateful!

Sincerely,

Dorothy Marchand  
Vice President, Voter Education  
League of Women Voters of Texas
