## Lima Road Adjustments:

1. Widen road to ~50 ft. (2 lanes each way, East & West) from Hwy to east termination point
2. Pave road (asphalt)
3. TXDOT specs to accommodate all construction traffic, equipment deliveries, etc.
4. Level road and accommodate water swale/drainage to meet TXDOT standards
5. Create semi-truck turn-around on Lima Rd @ Hwy 207 near intersection to redirect traffic immediately back to Hwy 207
